

## ABOUT

Innovative and forward-thinking B.Tech Computer Science and Engineering student at Adamas University, passionate about leveraging technology to solve real-world problems. My interests span Artificial Intelligence, Machine Learning, Data Science, and Quantum Computing. I enjoy exploring futuristic technologies like Edge Computing, Quantum Physics, and UI/UX Design, while continuously improving my full-stack development skills.

## LANGUAGE

|         |       |            |
|---------|-------|------------|
| Bengali | _____ | Native     |
| Hindi   | _____ | Fluent     |
| English | _____ | Proficient |

## EXPERTISE

Skill No.1 - Problem Solving & Decision Making  
Skill No.2 - Adaptability and Quick Learning  
Skill No.3 - Team Collaboration and Leadership  
Skill No.4 - Creative & Innovative Mindset  
Skill No.5 - Time Management and Focus

## EDUCATION

### UTTARPARA MODEL SCHOOL (H.S.)

10-th and 12-th Board  
Marks: 625 / 700 (10-th) | 407 / 500 (12-th)

2015 - 2023

### ADAMAS UNIVERSITY, KOLKATA

Bachelor of Computer Science & Engineering

2023 - 2027

## PROFESSIONAL DEVELOPMENT

### RESEARCH PAPER PRESENTER

November 2025

**SSWC'2025** at JIS University, West Bengal, India

Paper: **ML-Based Price Prediction for Agri-Horticultural Commodities**

### AWS COURSES

January 2026 to  
March 2026

Virtual Technical Courses offered by AWS

Topics included **Cloud Data, Pipeline, ML, NLP, GenAI**

### VIRTUAL INTERNSHIP

June 2025 to  
December 2025

**The Developers Arena**

A 6 months virtual internship program

### HACKATHONS & OPEN SOURCE PROGRAMS

2024 to 2026

Participated in SIH 2024 & 2025 | OSSDC CODE FOR CHANGE |  
Various Online Hackathons through Unstop, Hack2Skill, etc.

NSoC (3<sup>rd</sup> rank in Summer version) | ELUSoC (1<sup>st</sup> rank) | GSSoC  
(10<sup>th</sup> rank) | ECSoC (6<sup>th</sup> rank)

## ACHIEVEMENTS & CERTIFICATIONS

### BEST PAPER AWARD (SSWC'2025)

November 2025

Issued by JIS University

Recognized among 50+ papers for presenting research on ML-Based Price Prediction for Agri-Horticultural Commodities at the 2nd International Conference on **Smart Systems & Wireless Communication**.

### MERIT SCHOLARSHIP

December 2024

Issued by ADAMAS University

Honored to receive the **Merit Scholarship Award 2023** from Adamas University in recognition of my academic excellence and consistent performance.

# BABIN BID

## PROJECTS

### CargoConnect

June 2025 –  
February 2026

A user-friendly web application designed to help users book suitable vehicles for transferring heavy luggage from one location to another with ease and reliability.

**Technologies Used:** JavaScript, HTML, TypeScript

### AquaWatch

September 2025  
– October 2025

AquaWatch is a comprehensive web application that provides real-time monitoring and analysis of India's water crisis across all states and union territories.

The platform offers critical insights into groundwater depletion, water availability, and population impact through an intuitive dashboard.

**Technologies Used:** TypeScript, Python, JavaScript

### EchoMind

December 2025 –  
March 2026

AI-powered voice assistant that runs entirely from the terminal. It listens for my spoken commands, intelligently routes them to focused handler modules, and uses dual-provider AI support (Google Gemini and Groq) to answer anything that isn't handled locally.

**Technologies Used:** Core Python

### EduPilot-AI

August 2026 –  
September 2026

EduPilot AI is an intelligent academic operational layer designed for higher education institutions, tailored for Adamas University, Kolkata, West Bengal, India.

**Technologies Used:** TypeScript, Python, MongoDB

### AI-Data-Analysis

July 2026 –  
Present

Analyze your structured data (CSV, Excel, SQLite, SQL dump) in plain English – no SQL required!

The backend runs queries securely through DuckDB with a strict read-only SQL whitelist, while the frontend provides a macOS-inspired Studio workspace with Data Preview, Explore Visualizer, Ask AI (Llama 3.3 70B via Groq), and a full SQL Editor.

**Technologies Used:** Python, JavaScript
